

## PRESS RELEASE

IMMEDIATE RELEASE

### **Mrs. Soledad R. Bourque meets with Mr. Robert Poëti, Minister of Integrity in Public Procurement and for Information Resources**

*Mrs. Soledad R. Bourque (president and CEO of the IXTROM group) met with Mr. Robert Poëti, Minister of Integrity in Public Procurement and for Information Resources to discuss the opportunities and challenges of doing business with the Government.*

**Magog, January 26th** – Mrs. Soledad R. Bourque met today with Mr. Robert Poëti, Minister of Integrity in Public Procurement and for Information Resources and a handful of CEOs from the region, to discuss the opportunities and challenges of doing business with the Government of Quebec.

As a leading information management and situational awareness software solution firm in Canada, the IXTROM group has long been called upon by the Government of Quebec to meet their needs to help improve their ability to respond during and in preparation of major emergencies. IXTROM's innovative emergency management software is currently being used in the Governmental Operations Center (COG). Thus armed with this extensive experience and knowledge of doing business with the Government, Mr. Robert Poëti was extremely interested in finding out, first hand, how the process was for the IXTROM group.

## **PRESS RELEASE**

**IMMEDIATE RELEASE**

Mr. Poëti, being the Minister for Information Resources and having a background in Emergency Measures, was also highly fascinated to find out more about IXTROM's capabilities in dealing with the massive amount of information that needs to be shared during crises while respecting user permissions in real time. The topic of implementing IXTROM's software in new Government departments so as to better respond in times of crises and emergencies was also broached as Mrs. Bourque was able to present how IXTROM can save lives and improve efficiency and effectiveness.

*"Our hope is that in working with the Government of Quebec, it will create a domino effect across the Province and open the doors for IXTROM as we seek to implement our innovative systems in municipalities across Québec. The Government of Quebec can play a major role in enhancing the image of IXTROM and giving us the support and visibility needed by a Quebecois small and medium enterprise to become a major world-wide corporation."* stated Mrs. Bourque.

### **Concerning Mister the Minister, Robert Poëti**

Mr. Robert Poëti was born in Montreal, Quebec. Driven to serve and protect his community, he joined the police force, rising to the position of lieutenant in charge of the Montreal-Metro police station after which he became assistant director of The Emergency Measures Service and chief inspector of the Road Safety Service for all of Québec. After a decade in the private sector as director of business development for DICOM and GoJIT and then president of a communications firm, he ran for public office. Since his election, he has been the Minister of Transportation before becoming the Minister of Integrity in Public Procurement and for Information Resources. Mr. Poëti holds a Master's degree from the École nationale d'administration publique and is a recipient of the Police Exemplary Service Medal and the Queen Elizabeth II Jubilee Medal.
